

WE ARE **HIRING**

Application Engineer

Location: Kenya / Nairobi

Our dynamic family company KAESER COMPRESSORS is one of the world's leading providers of quality compressors and compressed air technology products. We employ approximately 7000 people worldwide and are represented in over 140 countries by our own sales and service network, as well as by our exclusive partners.

We are looking for a talented, highly motivated and customer-focused Application Engineer to join our company.

Role description:

In this role, you will be responsible for **field applications, system design, project proposals, quotations and customer development**. We will rely on you to be the **first point of contact for all technical related projects** for KAESER Compressors Ltd. You will work closely with the lead engineers as well as the sales team.

Responsibilities:

- ✓ Provide technical expertise of KAESER projects to end users.
- ✓ Use existing design programs to design, draw, evaluate and generate a Bill Of Materials for bespoke KAESER compressed air systems.
- ✓ Provide timely reports summarizing findings on existing projects.
- ✓ Have a full working knowledge of all KAESER Compressor products.
- ✓ Work directly with Lead Engineers and Sales Team on custom designed applications.
- ✓ Work directly with CAD designers for new or existing solutions to customer's needs.
- ✓ Provide quotations based on Bill Of Materials generated.
- ✓ Act as the main interface between the lead engineer and sales team.

Professional and personal skills requirements:

- ✓ Bachelor Degree in Engineering: Mechanical, Electrical or Mechatronics (Preferred) with 2-3 year's experience.
- ✓ Manufacturing environment experience preferred.
- ✓ Must to be familiar with AutoCAD or equivalent CAD products.
- ✓ Ability to work in a team environment.
- ✓ Ability to clearly present designs to customers and management.
- ✓ Ability to work on multiple ongoing projects at one time.
- ✓ Ability to clearly organize and document work.

Our offer

- ✓ Systematic induction and periodical training.
- ✓ Optimal support by our motivated back-office.
- ✓ Job security and performance-related remuneration.
- ✓ Use of modern EDP tools (e.g SAP S/4).

Interested applicants to send the cover letter and detailed resume to: info.kenya@kaeser.com or use our **online application form** on ke.kaeser.com.

Successful candidates will be required to produce their original Identity Cards, Academic and Professional Certificates and Testimonials.
